What is Eat & Drink & Draw?

The Eat & Drink & Draw is a place where thirsty and hungry artists share tables, drawing supplies, and love for this quirky tradition. Even those who can only create a hand turkey or a stick figure are welcome. You do not have to have any art experience! Pencil and Paper will be provided for the casual doodlers while many of the serious artistes may bring their own supplies.

At the end of the evening, all of the art will be displayed and attendees may buy the artwork with all proceeds going to Camp Royall, the summer camp of the Autism Society of North Carolina.
